

## Accelerating New England's Clean Energy Economy

THE MISSION OF THE NEW ENGLAND CLEAN ENERGY COUNCIL IS TO ACCELERATE NEW ENGLAND'S CLEAN ENERGY ECONOMY TO GLOBAL LEADERSHIP BY BUILDING AN ACTIVE COMMUNITY OF STAKEHOLDERS AND A WORLD-CLASS CLUSTER OF CLEAN ENERGY COMPANIES.

The Clean Energy Council represents various stakeholder groups including clean energy companies, venture investors, major financial institutions, universities, industry associations, utilities, labor and large commercial end-users. The Council's ranks include clean energy CEOs, representatives from most of the region's top law firms, and partners from most of the top New England venture capital firms. Working with its stakeholders and its supporting entity, the New England Clean Energy Foundation, the Council develops and executes a wide array of programs in six key focus areas: Innovation, Growth, Education/Workforce Development, Adoption, Policy and Research.

The Council believes that our future depends upon a foundation of sound regional, national, and global energy policy that encourages clean energy innovation and technology commercialization. With such a foundation in place, it is the Council's goal to help the New England region, with its considerable innovation assets, leverage the power of free markets to become a leading provider of clean energy solutions to the global marketplace. The Council firmly believes that this emerging sector can and will become a powerful economic engine for New England, capable of generating tens of thousands of new jobs in the coming decade and beyond.

# MEMBERSHIP BENEFITS

Membership in the Council is an opportunity to join a powerful, growing community dedicated to building a robust environment for clean energy activity within New England—and to associate your organization with the leading voice, catalyst and preeminent convener for the region's clean energy economy.

Company Description (2,500 characters or less):

---

---

---

Dues are non-refundable and do not qualify as tax deductible charitable contributions. The Council estimates that 10 percent of dues will be spent on lobbying expenditures, thus, 90 percent of your dues may be deductible under Code 162(a) if the dues qualify as an ordinary and necessary business expense.
